Volume 33
Issue:
October 2022

The last quarter that went by was very eventful for us at IIPPL. We have had launching of our new project, Company's Incorporation Day and much more. This is an achievement in true sense. Our success stories speak of the faith and confidence reposed by our customers, who are the very foundation of this tall structure

called "Incredible India Projects Pvt. Ltd."

We set foot into another year after the completion of 14 years of commitment and living up to the expectations of the customers. This sojourn would not have been possible without the unconditional support and relentless effort of my Marketing Brigades.

We have overcome many obstacles and challenges that have come our way and have been successfully making it into the next year. Diversifying and expanding laterally and leaving our footprint behind to showcase the organization's potential to grow, provide and lead.

Happy Diwali & Prosperous New Year.

Warm Regards

Praveen Kumar Nedungadi

#### **Affidavit**

An affidavit is a document used for many purposes and is more of declaratory or testamentary in nature. It is a statement of facts as known to the person making or stating the contents in the affidavit. This is a written form of deposition or statement. This document is used as a piece of evidence in the court of law.

All affidavits need to be drawn up in the first person and should contain facts and not inferences. A person who makes an affidavit is called a *Deponent* or an *Affiant*. The person who has authority to attest a certificate may be a Magistrate who may in turn be either a Judicial or an Executive Magistrate, a Notary Public or a Commissioner of Oaths depending upon the affidavit which needs to be attested. Indians living abroad can swear affidavits before Consular officers posted in Indian missions.

In case of an Affidavit of Title is designed to protect the buyer from outstanding legal issues that might be facing the seller. If an issue arises in the future, the buyer has a physical document made by the seller that can be used in legal proceedings.
